

Favors of You

I don't mind asking favors of you
I don't mind asking favors of you
I don't mind asking, I don't mind asking
Favors of you, asking favors of you, favors of you, ooh

Well I get these mental pictures when I think of who you are
The flicker of the streetlight in the alley where you park
The OJ and tequila in the glasses that are jars
But you're more than that, more than that, more than that

I like that you're athletic and you work out every day
Doing pullups in the closet cause you're building up your strength
The details of your life I like, but these are not the things that keep me
Comin' back, comin' back, comin' back

I don't mind asking favors of you
I don't mind asking favors of you
I don't mind asking, I don't mind asking
At first I was nervous, thought you were like a time bomb
And if I touched the wrong wire you'd explode
But now that I know you, you could say we're moving on from that, on from
that, on from that

I don't mind asking favors of you
I don't mind asking favors of you
I don't mind asking, I don't mind asking
Favors of you, favors of you, favors of you, ooh
